

February 20, 2016

Dear Mr. Addison,

I want to thank you for coming to Alsup Elementary School to share your products with our teachers. You kept your presentation brief, yet informative, and you were not a high pressure salesperson! In fact, you were quite accommodating and easy to work with and we appreciate you working with us.

Thank you for being friendly, informative and professional with my staff. It was nice to have a supplement option for them to consider when it comes to insurance. It was a pleasure to work with you.

Thank you for your time,

Mike Abdale

Principal
