March 23, 2015

TACS Members,

I'd like to introduce you to one of TACS' newest Corporate Partners, **Insuring Success**.

It is obvious that **Insuring Success** is dedicated to the people they serve – their clients. They provide top-quality products with award –winning customer service for personal security and peace of mind that Texas educators and their families need.

Catastrophic illness, serious accidents, and accidental death can cause financial devastation. Products offered by **Insuring Success** fill a void not met by traditional health insurance coverage. It would be a great addition to what you may or may not currently offer.

My hopes are that you will strongly consider sharing the availability of **Insuring Success** products with your facility and staff.

- **No costs to the district:** Plans are employee-funded. If they choose to sign up, they receive the coverage.
- **Easy to administer:** A simple group presentation is followed by meetings with interested staff individually on their own time to assess their needs and enroll privately without payroll deduction.
- **Affordable and popular:** The premiums are **REFUNDED** back to the employee if the insurance is not used.

TACS' looks forward to many great years working together. Thank you Ty and **Insuring Success!**

Respectfully,

Barry Haenisch
Executive Director
